Next 30 Days of Season 35

Announcements ChaoticLu Aug 1, 2024

As we continue with the Season of The Talisman Join us as we share the latest updates and what’s next to come for the Xbox Ambassadors Program:

State of Decay 2 Quests

We are running special quests with Red Cross and State of Decay 2!

Dive into the all-new Red Cross event, where you can become a real-life hero by donating blood to help save lives. Unlock exclusive cosmetic rewards and take on challenging new missions to support this critical cause. If you want to learn more about both the update and campaign, make sure to head to our Quests website.

XA Accessibility Ally badge

Since the launch of the Xbox Ambassadors Accessibility Ally badge for Xbox profiles, 11,989 Ambassadors have completed the Accessibility Explorer Path and unlocked the badge. We're excited about the energy around gaming accessibility and if you haven't unlocked your badge yet, be sure to check out the Accessibility tab on the Quests page to get started!

More sweepstakes on the way!

We want to keep bringing stuff to the table, so to make things cooler this season, instead of 25, we are now adding 30 ID@Xbox codes per week.

Additionally, we are adding 5 codes for The Elder Scrolls Online Deluxe Collection: Gold Road, so if you want to participate and get a chance to win this game, remember to keep an eye on our Sweepstakes website to participate for a chance to win amazing Indie and AAA titles!

Stay tuned for more updates and announcements.

Xbox Ambassadors Celebrate IDWIP 2024!

For International Day of the World’s Indigenous Peoples, the Xbox Ambassadors Program is celebrating by sharing stories from members of the community and their experiences inside gaming.

We asked to share aspects of the Xbox community that help them feel included and valued. Ambassadors mentioned participating about upcoming games, a helpful vibe in the community, the ability to express themselves openly, and of course, playing multiplayer games.

If you want to read more about their responses, make sure to visit the Community Blog on 8/9!

That is a wrap for our Next 30 days newsletter! Stay tuned for more program updates.
